

Column Headings		Data Type
ACCOUNT#	Fourteen character reference number common to Tax Office and Appraisal District. Research on-line at www.traviscountytax.org or at www.traviscad.org (use Ref ID 2 at TCAD website)	Text
Last Tax Roll Year	The last year the property was on the tax rolls. (If not 2012, research the property carefully. If it is personal property, it possibly doesn't exist anymore. If it is real property, it likely was struck off, subdivided, incorporated into another parcel, exempted, or assigned a new account number.) Conversely, a 2012 account could have previous delinquent years for that same property under a different account number. If ROLL=0, the property is usually non-taxable (e.g., owned by government or tax exempt org.)	Text
